

Catholic Scholars for Worker Justice

STATEMENT OF SUPPORT

Central Park Workers (NYC)

Catholic Scholars for Worker Justice supports the right of workers at the Central Park Conservancy (NYC) to bargain collectively with their employer through an independent union of their choice. Catholic Scholars for Worker Justice calls upon the Central Park Conservancy to end its campaign of harassment and intimidation against workers who are exercising their moral right to union representation. Catholic Scholars for Worker Justice calls on the Central Park Conservancy to begin negotiations immediately with AFSCME DC 37, the union the workers have selected to represent them through their signed Designation Cards.
